Good morning,

Steve's chart shows no record of being contacted by a law firm. Patient confidentiality laws are very clear. In order to protect patient confidentiality, we would be unable to even acknowledge Steve as being a pt in our clinic, , let alone provide any form of medical information without your or his prior consent.

Hi Dr. V,

Since 2012 we have been plaintiffs in a civil lawsuit with the NFL. We would like to know if our attorney, Steven Marks or a representative such as a paralegal with Podhurst- Orseck based in Miami, Florida has contacted your offices anytime between Feb 2012-Jul 2017 requesting Steve's medical history. Approx. how many times did they contact you for information pertaining to Steve? Any and all information is greatly appreciated. Please feel free to contact me if you have any questions. Thank you.

Chie Smith
